

## Bethany Harper Williams

*Lose yourself in the moment.*

*By taking the landscape and simplifying it, my aim is to capture a memory without the details of representation. By breaking the image into minimal shapes and colours my paintings portray a mood that captures the moment in it's purest form. Playful, sometimes whimsical, always memorable.*

Having spent most of my summers on the lake or in Maine, I have always been influenced by water. I'm drawn to it's movement and colours and the incredible moods and memories it invokes. And so it appears in much of my work.

After graduating from Concordia Fine Arts with an Honours in Graphic Design, I worked for over 20 years as a graphic designer before committing all of my efforts to painting. The success of my first private show in 2011 inspired me to join Project Art where I continue to explore and challenge my creative spirit.

My work can be found in collections in Canada, the United States and the UK.
